

Cancellation Policy & Insurance Information
(Please read carefully)

Cancellations **MUST** be made 24 hours in advance. Failure to keep an appointment that was not cancelled within 24 hours may result in a charge dependant upon the length of your scheduled appointment. This charge must be paid prior to scheduling your next appointment.

Insurance companies will **NOT** be billed for missed appointment charges.

We file your secondary insurance as a courtesy. If secondary insurance does not cover what the primary insurance does not cover then you are responsible for that amount. We **DO NOT** file a third insurance.

Please be prepared to pay your co-pay percentage and your deductible at check out. If you are not aware of the amount, please ask someone at the front desk.
